

PROFECTIO

Profectio is a project by Tukyo and Bunta to release a **full length album** with individual art for every composition. There are **10 editions** of each piece, plus one final edition being the album cover, bringing the collection to a total of **161 ERC-721 NFTs** on Polygon.

These 161 NFTs were minted by **tukyo.eth** and will be listed on **Opensea** for initial sale of 0.005ETH on **June 1st, 2022** at 4pm UTC..
